---

## Professional Summary

I'm a results-driven professional with a strong foundation in business administration and growing expertise in cybersecurity. I have completed courses from ISC2 and Google and I have certifications from the ISC2 Certified in Cybersecurity (CC) course and Google Cybersecurity, with experience in troubleshooting, system maintenance, and customer support. I'm skilled in identifying vulnerabilities, implementing security measures, and resolving technical issues to protect systems and data. I'm passionate about leveraging technical expertise and problem-solving skills to secure digital environments and mitigate cyber threats.

---
